

DME Elevators & Lifts

understands the importance of a dependable lift and pledges to provide you with the premier service you deserve.

Our commitment goes well beyond the initial purchase. DME's technicians have decades of experience. They are trained in the current safety codes and will ensure your lift always meets the standards.

In fact our most valuable resource has always been the professionalism, extensive experience, and dedication of our employees. As a result, we can confidently stand behind our promise of *Excellence in Elevation*.

We offer personalized maintenance plans, designed to maximize equipment performance, minimize down-time and provide you with worry-free operation for years to come.

*Rely on us to
keep you moving!*

Planned Maintenance

Your lifting equipment is critical to building operations.

To ensure the safety and reliability of your lift, planned maintenance and routine testing is essential.

At each Planned Maintenance Visit your lift will undergo a comprehensive multi-point inspection.

Designed to comply with the regulations set forth by the American Society of Mechanical Engineers Safety Standard (ASME) & your local jurisdiction, this includes:

- Basic adjustments
- Cleaning & lubricating of the equipment
- Preventative care
- Replacement of normal "wear & tear" items

Peace of Mind Protection

A maintenance plan is a sound investment that helps you reduce out of pocket expenses.

- Ensures optimal operation and reliability
- Can prevent unexpected failures
- Maximizes equipment efficiency

DME Maintenance Plans

In order to extend the life of your equipment, we have developed maintenance plans that stringently comply with the manufacturer warranty policies.

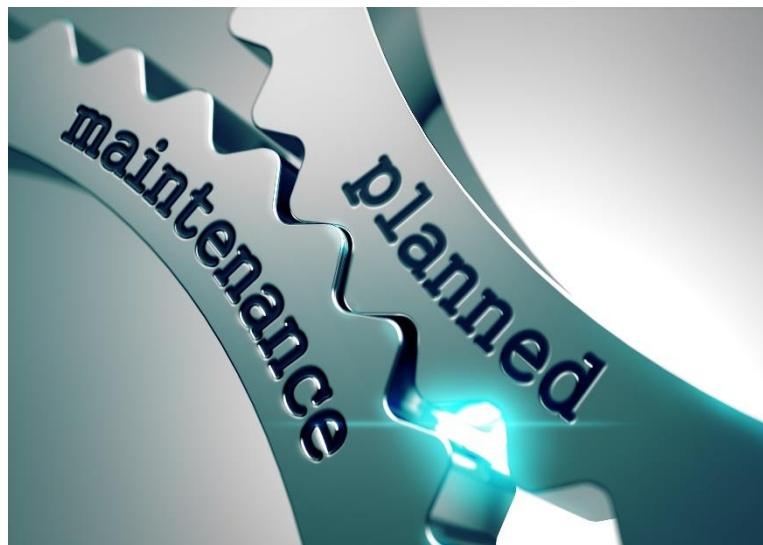

These plans are also designed to save you money!

We offer plans that provide a range of coverage options. Our maintenance advisors are here to help you find the right plan to fit your needs. Plans may include:

- Full-service repair coverage, we provide our technicians service at no additional charge
- FREE replacement batteries as needed
- Up to a 20% discount on parts, once your manufacturer warranty has expired
- Maintenance visits included
- Ability to lock in your planned maintenance services at today's prices, helping you guard against inflation

Substantial cost savings and peace of mind – that's a powerful combination!

Experience You Can Trust

Our service technicians are in the field every day, dedicated to keeping our customers moving.

We have on staff full-time, trained and licensed technicians that are qualified to maintain and service the leading brands of lifting equipment. We do not use contractors.

DME Elevators & Lifts' fleet of service vehicles are stocked with the most common parts so we can fix many issues on the spot.
